Le valvole di sicurezza sono costruite da Caleffi S.p.A. nel rispetto dei requisiti essenziali di sicurezza dettati dalla direttiva 2014/68/UE del parlamento europeo e del consiglio dell'unione europea, per il riacquistoamento degli stati membri in materia di attrezzature a pressione. Le istruzioni di seguito fornite sono realizzate in conformità e con lo scopo di cui all'articolo 3-4 allegato I della direttiva 2014/68/UE ed accompagnano i prodotti durante l'immissione nel mercato.

Safety relief valves are made by Caleffi S.p.A. in compliance with the essential safety requirements laid down by Directive 2014/68/UE of the European Parliament and the Council of the European Union for harmonisation of member States with regard to pressurised equipment. The instructions given in this leaflet are supplied in compliance with the scope of article 3-4 – item 1 of Directive 2014/68/UE and accompany each product supplied to the market. Marked safety relief valves are in compliance with the Pressure Equipment (Safety) Regulations SI 2016 No. 110 as amended.

Die Sicherheitsventile werden zur Druckkontrolle in Wärmezeugern, in Heizungsanlagen, in Warmwasserspeichern der wesentlichen Sicherheitsanforderungen nach Richtlinie 2014/68/UE des Europäischen Parlaments und des Rates der Europäischen Union zur Angleichung der Rechtsvorschriften der Mitgliedstaaten für Drucksicherungen gefertigt.

Die nachfolgenden Anweisungen sind nach Maßgabe von Artikel 3-4-Anlage 1 der Richtlinie 2014/68/UE realisiert und begleiten das Produkt bei seiner Vermarktung.

Les soupapes de sécurité sont construites par Caleffi S.p.A. conformément aux exigences essentielles de sécurité de la directive 2014/68/UE du Parlement Européen et du Conseil de l'Union Européenne pour le rapprochement des états membres en matière d'appareils sous pression. Les instructions ci-après sont réalisées conformément à l'article 3-4-anexe 1 de la directive 2014/68/UE et accompagnent les articles tant qu'ils sont commercialisés.

Las válvulas de seguridad Caleffi cumplen los requisitos esenciales de seguridad establecidos por la directiva 2014/68/UE del Parlamento Europeo y del Consejo de la Unión Europea relativa a la aproximación de las legislaciones de los Estados miembros sobre equipos a presión. Las instrucciones siguientes han sido redactadas con arreglo al artículo 3-4-anexo 1 de la directiva 2014/68/UE y se entregan junto con los productos.

As válvulas de segurança são concebidas pela Caleffi S.p.A. em conformidade com os requisitos essenciais de segurança ditados pela Diretiva 2014/68/UE do Parlamento Europeu e do Conselho da União Europeia, para a reaproximação dos Estados-membros em matéria de equipamentos de pressão. As instruções apresentadas em seguida foram elaboradas em conformidade e no âmbito do artigo 3.4 - anexo 1 da Diretiva 2014/68/UE e acompanham os produtos durante a sua colocação no mercado.

De veiligheidsklepen zijn door Caleffi S.p.A. geconstrueerd volgens de essentiële veiligheidsvereisten voorgeschreven door de Richtlijn 2014/68/EU van het Europees parlement en de Raad van de Europese gemeenschap, voor uniformering van de lidstaten op het gebied van drukapparatuur. De instructies in deze handleiding zijn opgesteld in overeenstemming met de bepalingen van artikel 3.4 – bijlage 1 van de Richtlijn 2014/68/EU en de producten waarneer ze op de markt worden gebracht.

Emniyet tahlİYE vanaları, genel olarak istisma sistemlerindeki kazanlar, doméstic sızak sistemlerindeki depolar ve su sistemlerinde basincın kontrol edilmesinde tipik olarak kullanılmaktadır.
